### Valued Dealer

We would like to thank you for your interest in our products and take this opportunity to introduce ourselves.

Swisstec AG Spezialmaschinenbau primarily develops and produces the Schleppfix slurry applicator. When developing our machines, we attach great importance to simple technology and user-friendly application. The Swiss quality label is paramount to us and the satisfaction of our customers is what drives our experienced employees. Our business is constantly being modernised which allows us to be flexible and efficient in our production operations. As our company grows, our main focus is on lean operating structures and simple processes which, along with our products and services, are what clearly distinguishes our innovative company from the competition.

We look forward to hearing from you so that we can get to know you in person.

Thomas Hollenstein  
Owner/Managing Director
